

QMI Visual-Lean® Institute proudly presents:

Visual Australia: November 2008 Gwendolyn Galsworth & The Visual Workplace Brisbane • Melbourne • Sydney

Get Informed. Get Inspired. Get Visual.

Companies all over the world have begun to recognize that *Workplace Visibility* is a powerful ally in creating and sustaining long-term cultural and bottom-line improvements—whether a factory, hospital, bank, naval yard, or mining site. QMI's Visual Workplace strategy is key to converting every work venue into a work environment where what is supposed to happen does happen—*because of visual devices*.

This November, Dr. Gwendolyn Galsworth—leading visual expert, QMI president and author of *Visual Workplace • Visual Thinking*—will be in Australia, sharing principles, models, methods, and practices she's developed across 25 years of implementation and research, including a Visual Workplace training-of-trainers.

Visual Workplace/Visual Thinking Management Seminar

November 3/Brisbane • November 10/Melbourne • November 17/Sydney

Visual Workplace/Visual Thinking is QMI's flagship seminar, defining Workplace Visibility and showing how and why it creates such powerful bottom-line and cultural results. Based on her unique approach to visual conversions, Dr. Galsworth explains key visual principles, concepts, models, methods, and tools. Over one hundred actual examples are shared that demonstrate how Workplace Visibility functions and how it builds adherence directly into the physical workplace. Learn how to widen and sustain your company's journey to enterprise excellence.

Work That Makes Sense Training-of-Trainers (Brisbane)

November 4-7, 2008 (Tuesday-Friday). This intensive 3.5 day training-of-trainer event is perfect for companies that want to implement visibility on the operator-level, using their own in-house trainers. The training package (for two trainers) includes a site-specific license, two sets of eight PowerPoint modules (same as Dr. Galsworth uses), instructional wall charts, customizable forms, and a complete Visual Workplace DVD Training System. Group size: 16 Trainers. Click [here](#) for details. Click [here](#) to register.

Visual Standards/Visual ScoreBoarding (Melbourne)

November 12-14, 2008 (Wednesday-Friday): Permanently solving chronic, complex, costly problems can only happen if you improve your standards. QMI's ScoreBoarding Methodology is a comprehensive system that insures the permanent, sustainable results by targeting ineffective standards, improving them dramatically, and stabilizing their outputs through visual adherence. At its center, ScoreBoarding deploys three tools: Visual Metrics, Visual Standard Making, and Visual Adherence. Join us for this 2.5 day hands-on workshop and learn to lead and support a process that solves problems permanently. Group size limited to 24.
